EDUCATION

Bachelor Of Technology (B Tech) In Computer Science Engineering

Vellore Institute of Technology, Chennai
Chennai, India

July 2024 – May 2028

Class XII CBSE Board Of Secondary Education

Oxford International
Indore, India

July 2023 – June 2024

Class X Central Board Of Secondary Education

Habitat School
Ajman, UAE

April 2021 – March 2022

TECHNICAL SKILLS

Programming Languages: Python — C — Java — SQL — C++

Frontend Technologies: HTML — CSS

Backend Technologies: Node.js — API Integration

Databases: MySQL — PostgreSQL — PL/SQL

Tools & Platforms: Git — Linux — Visual Studio Code

PROJECTS

SMART STUDY PLANNER – AI-Enhanced Study Management Application

Technologies: HTML, CSS, JavaScript, Python (Flask), SQLite, JWT Authentication, PWA

- Designed and developed a full-stack study planning application to manage subjects and track progress.
- Implemented features such as Pomodoro timer, mood tracking, gamification, and analytics dashboards.
- Built Flask backend with REST APIs, JWT authentication, and optimized database handling.
- Developed smart weekly auto-planner based on deadlines, difficulty, and priority.
- Integrated PWA support with offline access and sync indicators.
- Focused on UI with themes, focus mode, and responsive design.

SMART EMR – AI-Powered Clinical Summarization

Tech Stack: Python, FastAPI, React, Docker, HAPI FHIR, NLP

- Built AI system to summarize clinical notes and detect lab trends.
- Developed SMART-on-FHIR compatible system for secure data visualization.
- Implemented rule-based alerts and deployed using Docker.

CERTIFICATIONS

- **Python for Data Science, AI & Development – Coursera (IBM)**

Successfully completed course covering Python, data analysis, and AI concepts.

- **Data Analytics Job Simulation – Deloitte (Forage)**

Demonstrated practical skills in data analysis, forensic technology, and real-world business problem solving.

- **Data Analytics Job Simulation – Tata (Forage)**

Completed practical tasks involving data analysis, business insights, and real-world problem solving.

- **AI Explorer: Ready to Discover AI – IBM SkillsBuild**

Gained foundational knowledge of artificial intelligence concepts and real-world applications.
